

TANF Support Services

Temporary Assistance to Needy Families (TANF)

Virginia's TANF program emphasizes personal responsibility. Participants may be provided with services such as job skills training, work experience, job readiness training, child care assistance, transportation, and other work related expenses.

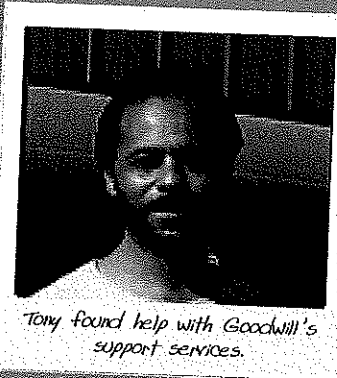

Goodwill's TANF Support Services for individuals focuses on the employment ability and other services to assist participants.

Goodwill Support Services

Goodwill provides support through a grant from the Department of Social Services in local communities to determine the employment ability for those individuals receiving TANF support. These support services include:

- Interview to determine individual goals
- Assessment of interests, ability, and needs
- Referrals for diagnostic testing
- Recommendation for alternate support services
- Case management

Support services are provided at times determined by the individual needs of the program participant.

"Before coming to Goodwill I was in and out of depression," Tony states. "Now I am seeing a doctor who prescribes me medication and helps me deal with my anxiety. And when it gets really bad, Goodwill is always there for me to listen and calm me down. Goodwill has helped me when nobody else was helping me. Without their support I would be a lost cause!"
